

SAYL

Hello,
I'm Logic Sushi

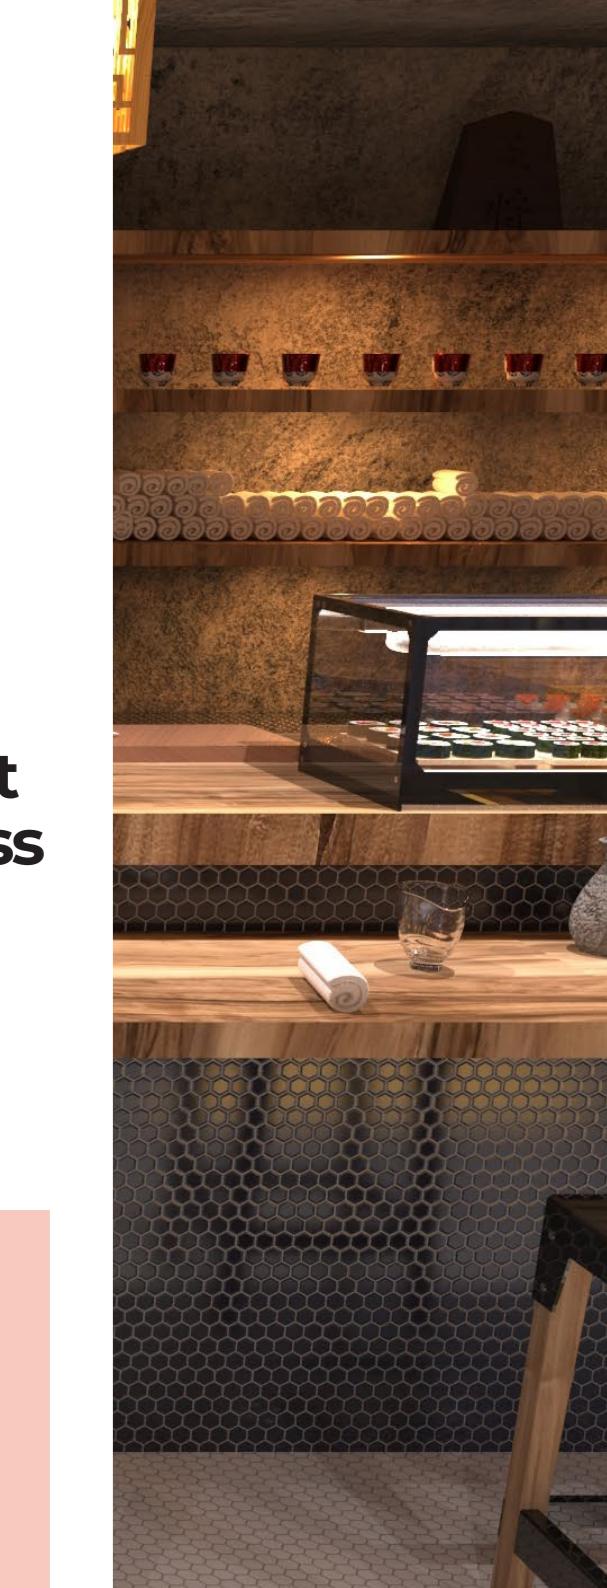

Where the sushi wants to be...

The only sushi display
case of the market built
with double glazind glass

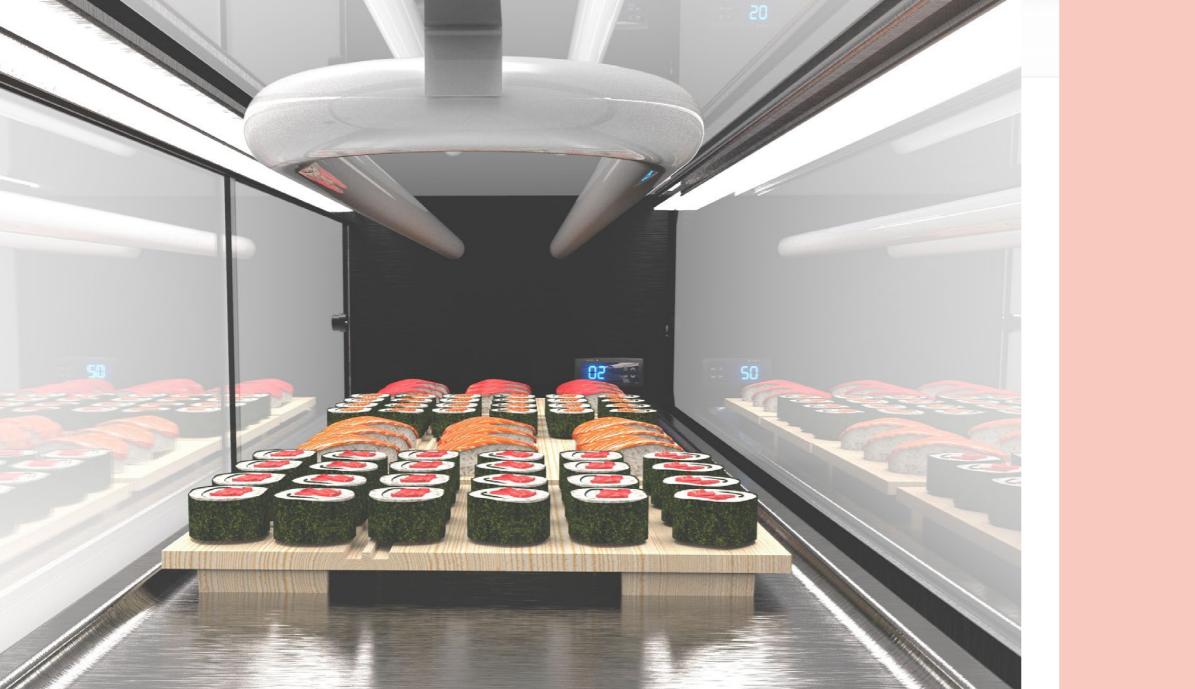

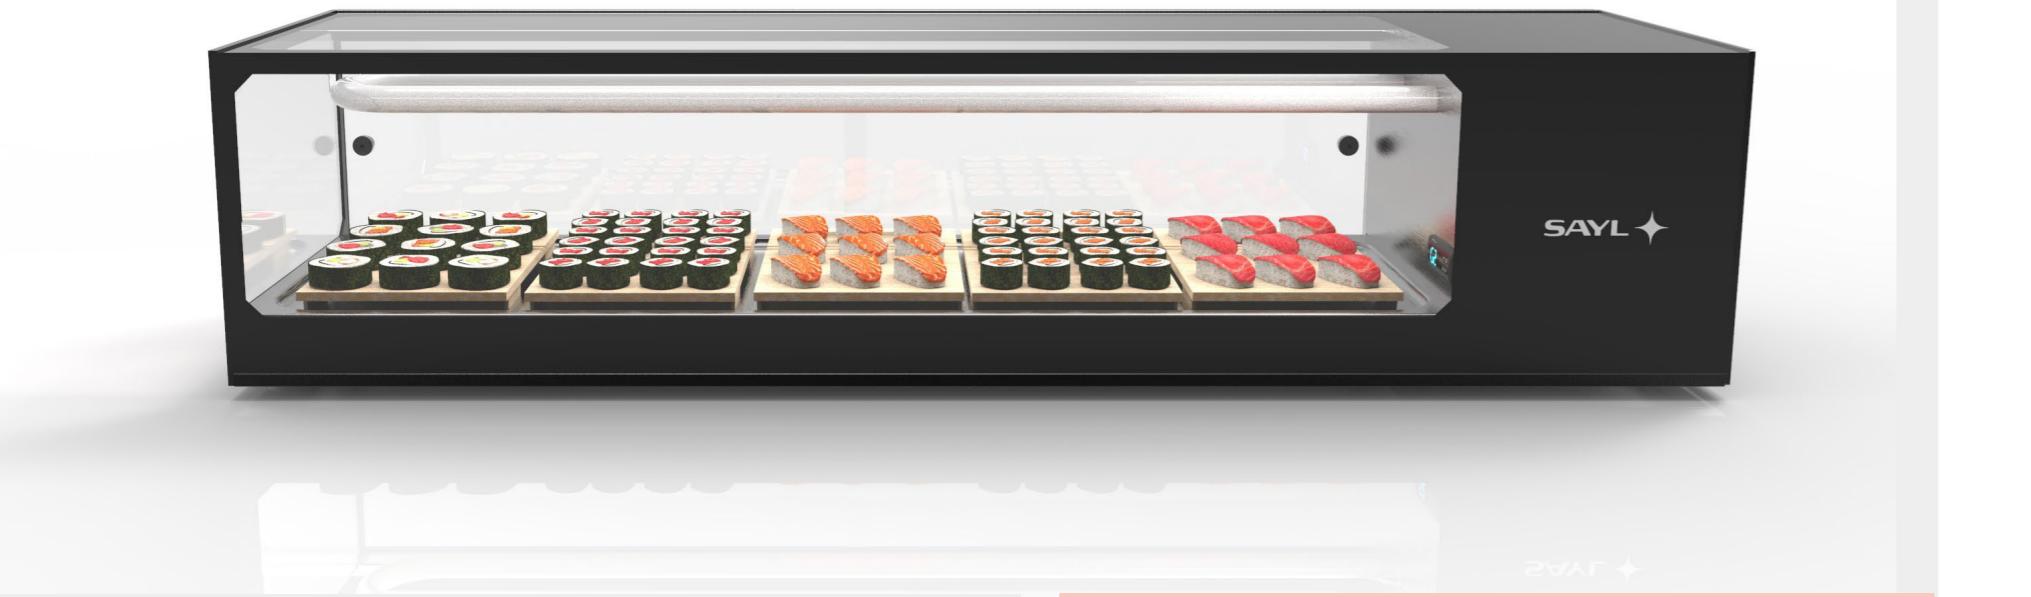

why?

Perfect visibility in unfavorable
humidity conditions, greater
temperature stability and reduced
energy consumption.

Front part all made in glass

LOGIC SUSHI BY SAYL 4

Easy-cleaning
powerful
evaporator

The
maximum
cooling capacity
in the ^{minimum} space.

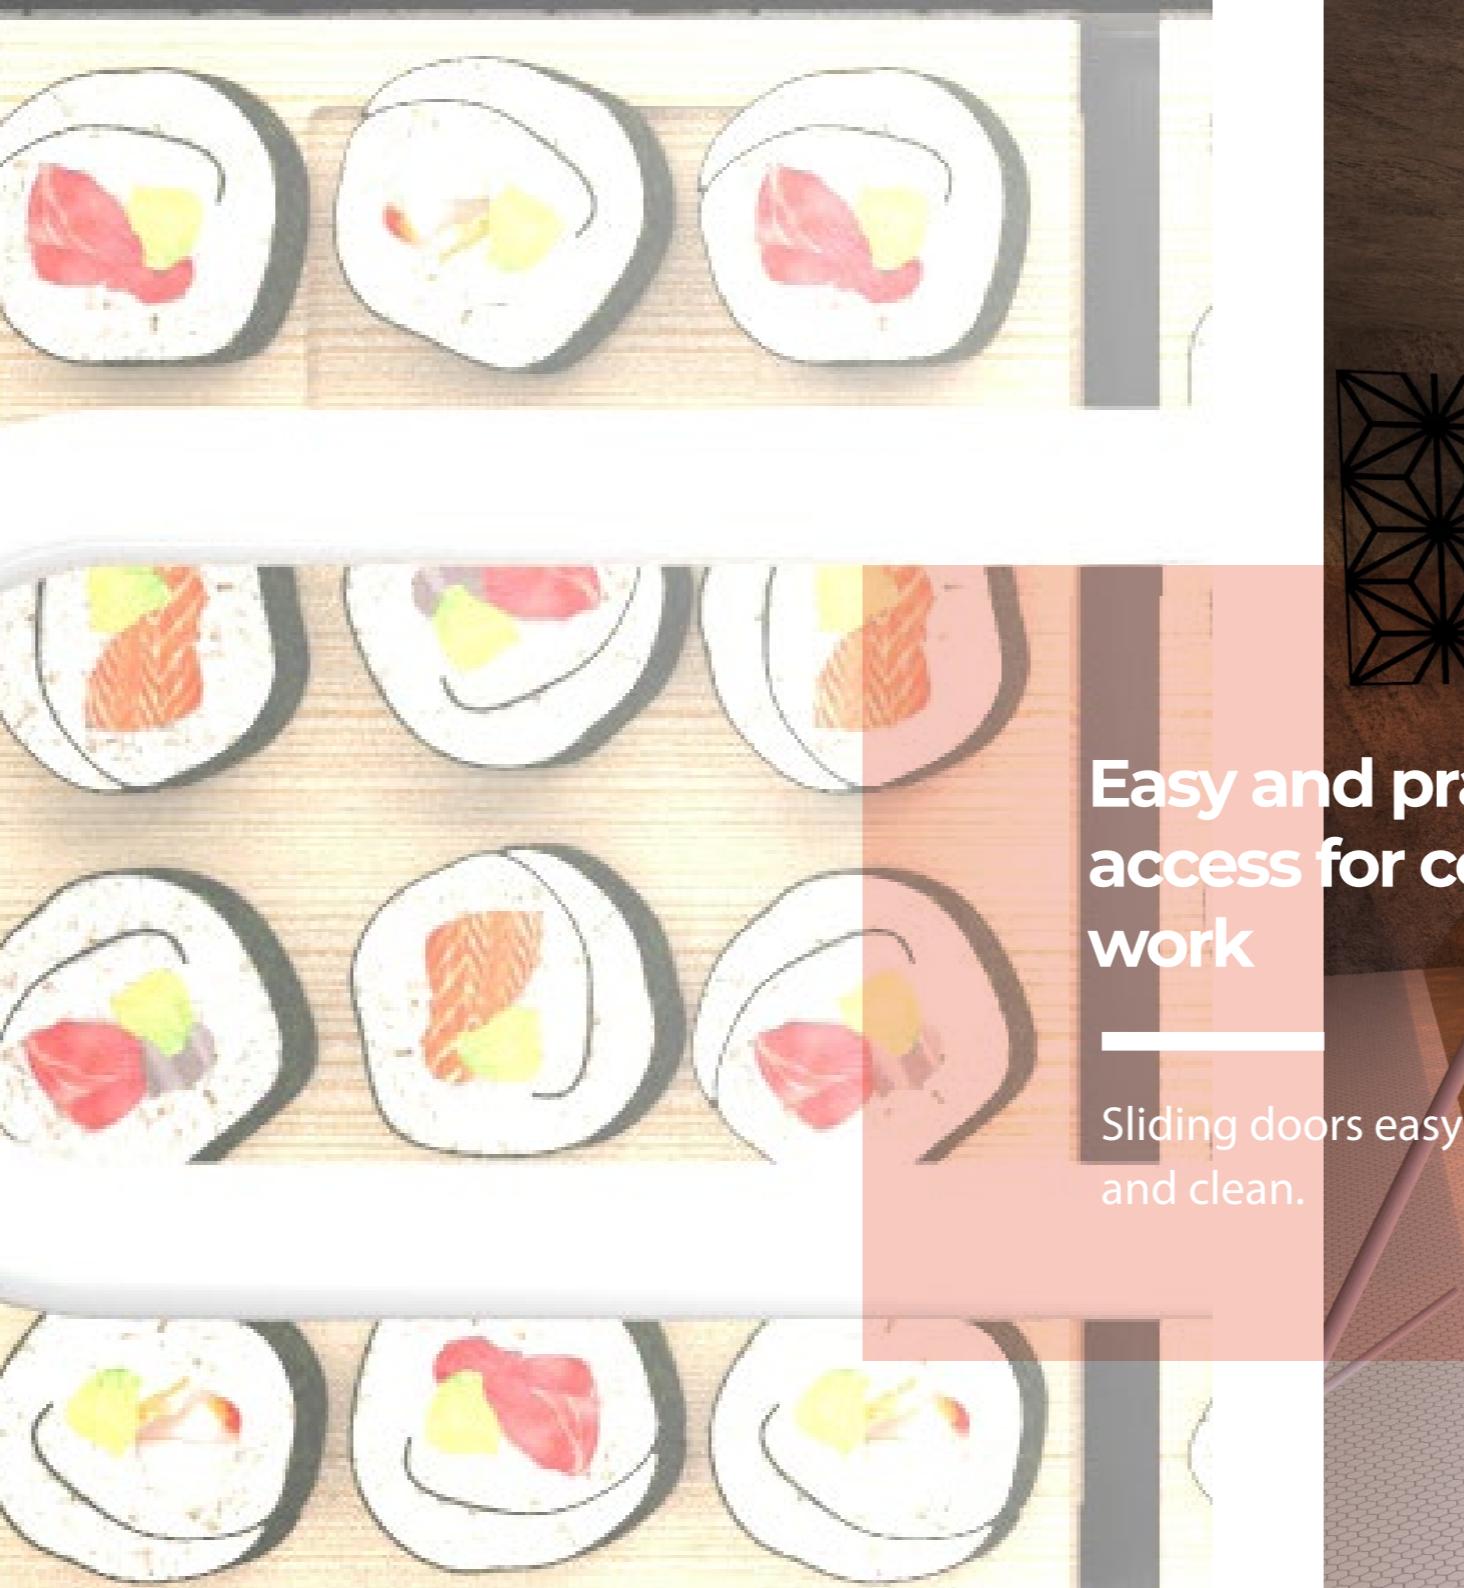

The engine takes up the minimal space.

LOGIC SUSHI BY SAYL 5

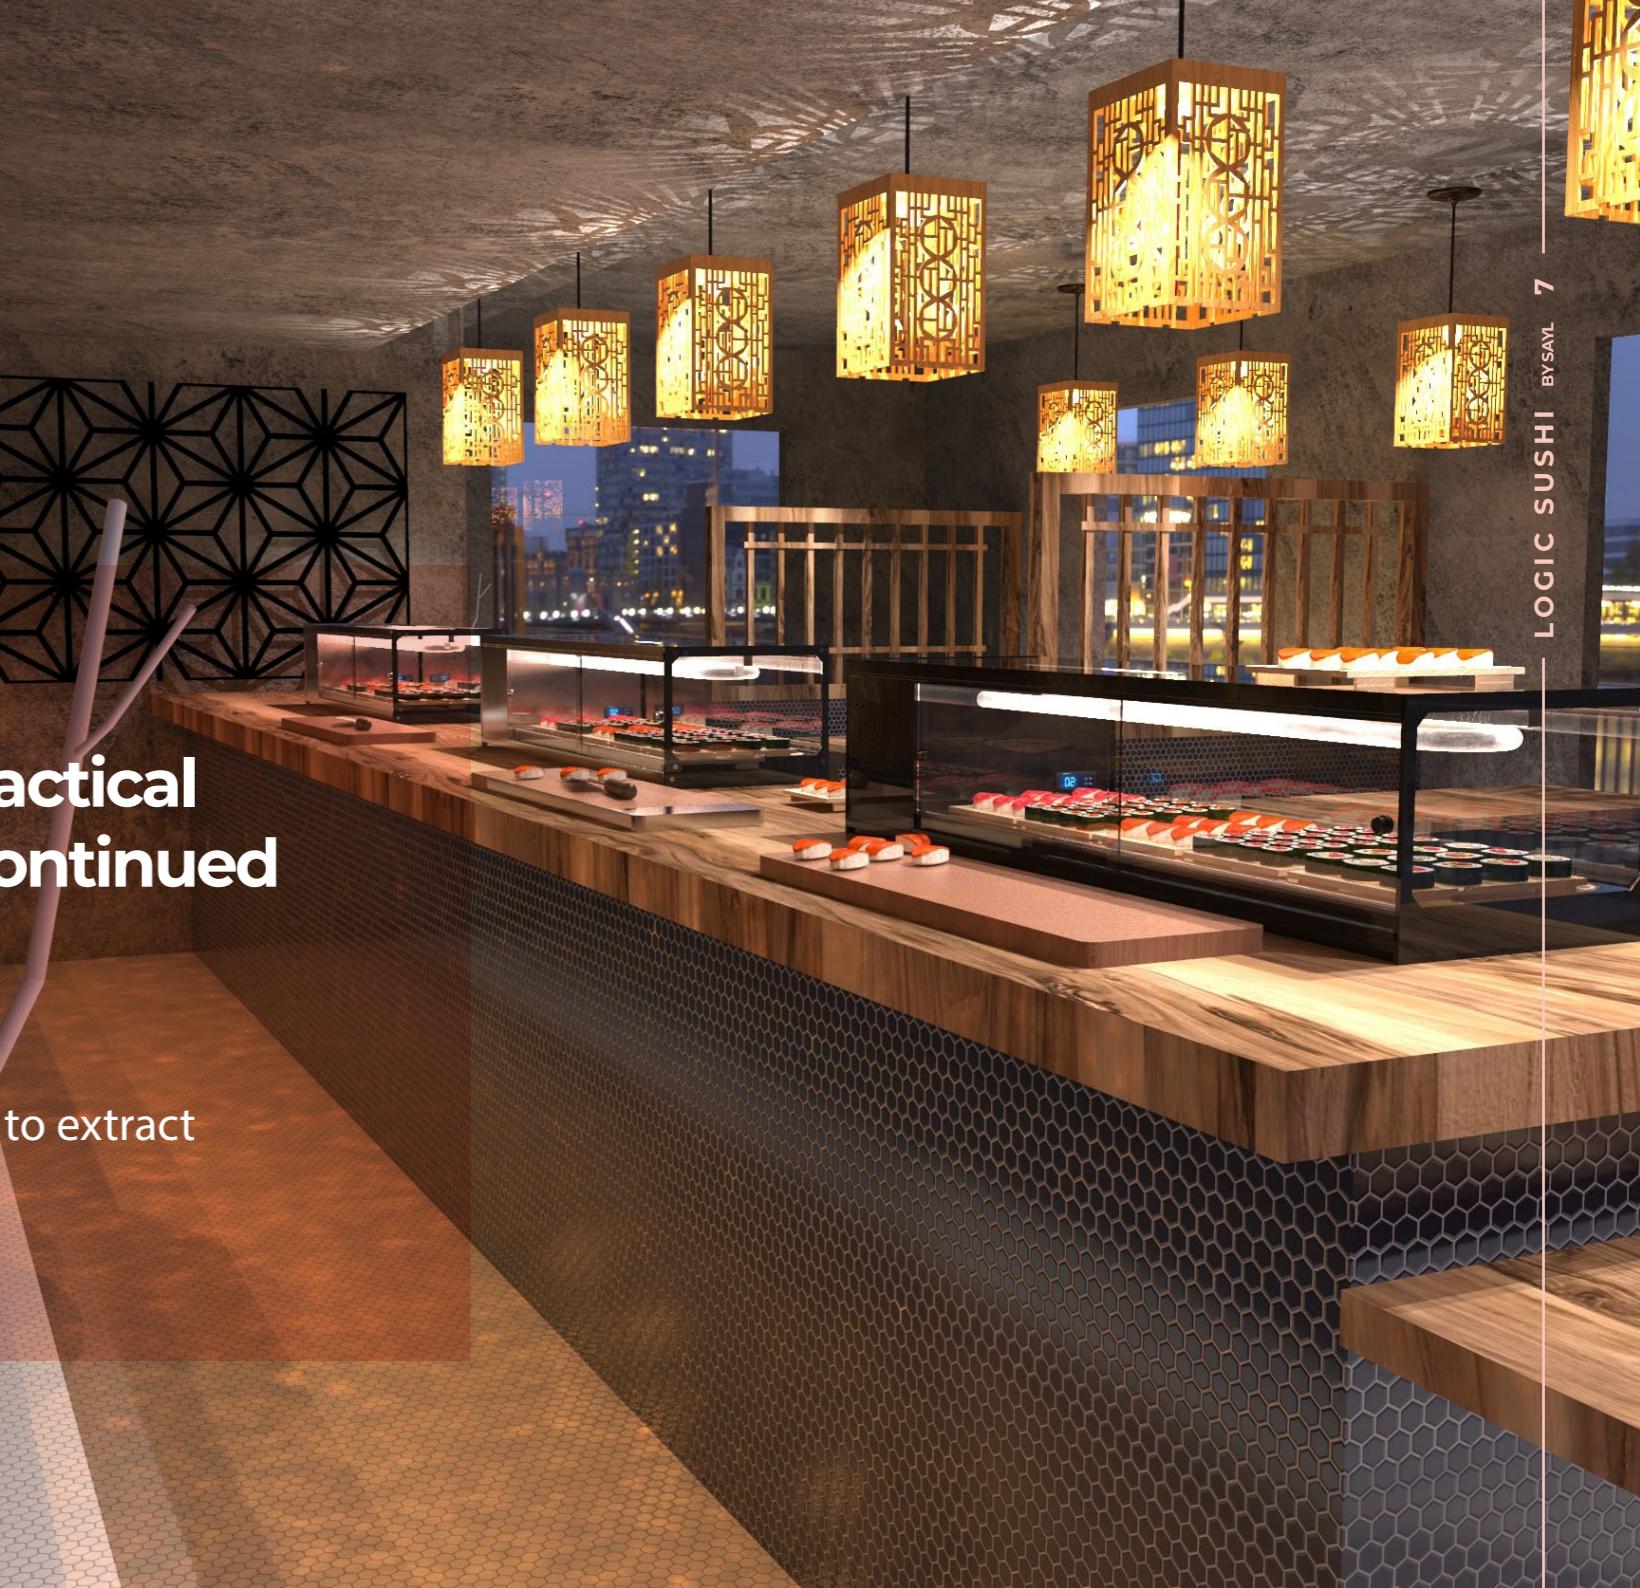

**Top double
glazing glass**

**Easy and practical
access for continued
work**

Sliding doors easy to extract
and clean.

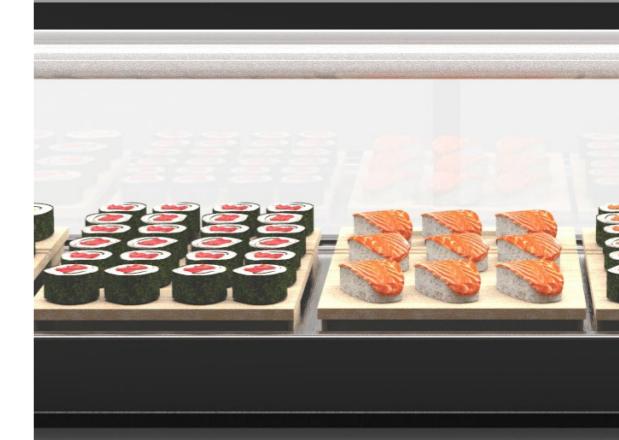

DESIGNED FOR SUSHIMAN

FLAT TOP SURFACE

tempered and vitrified crystals to gain more workspace on top

DOUBLE LIGHTING

always without undesirable shadow on the product

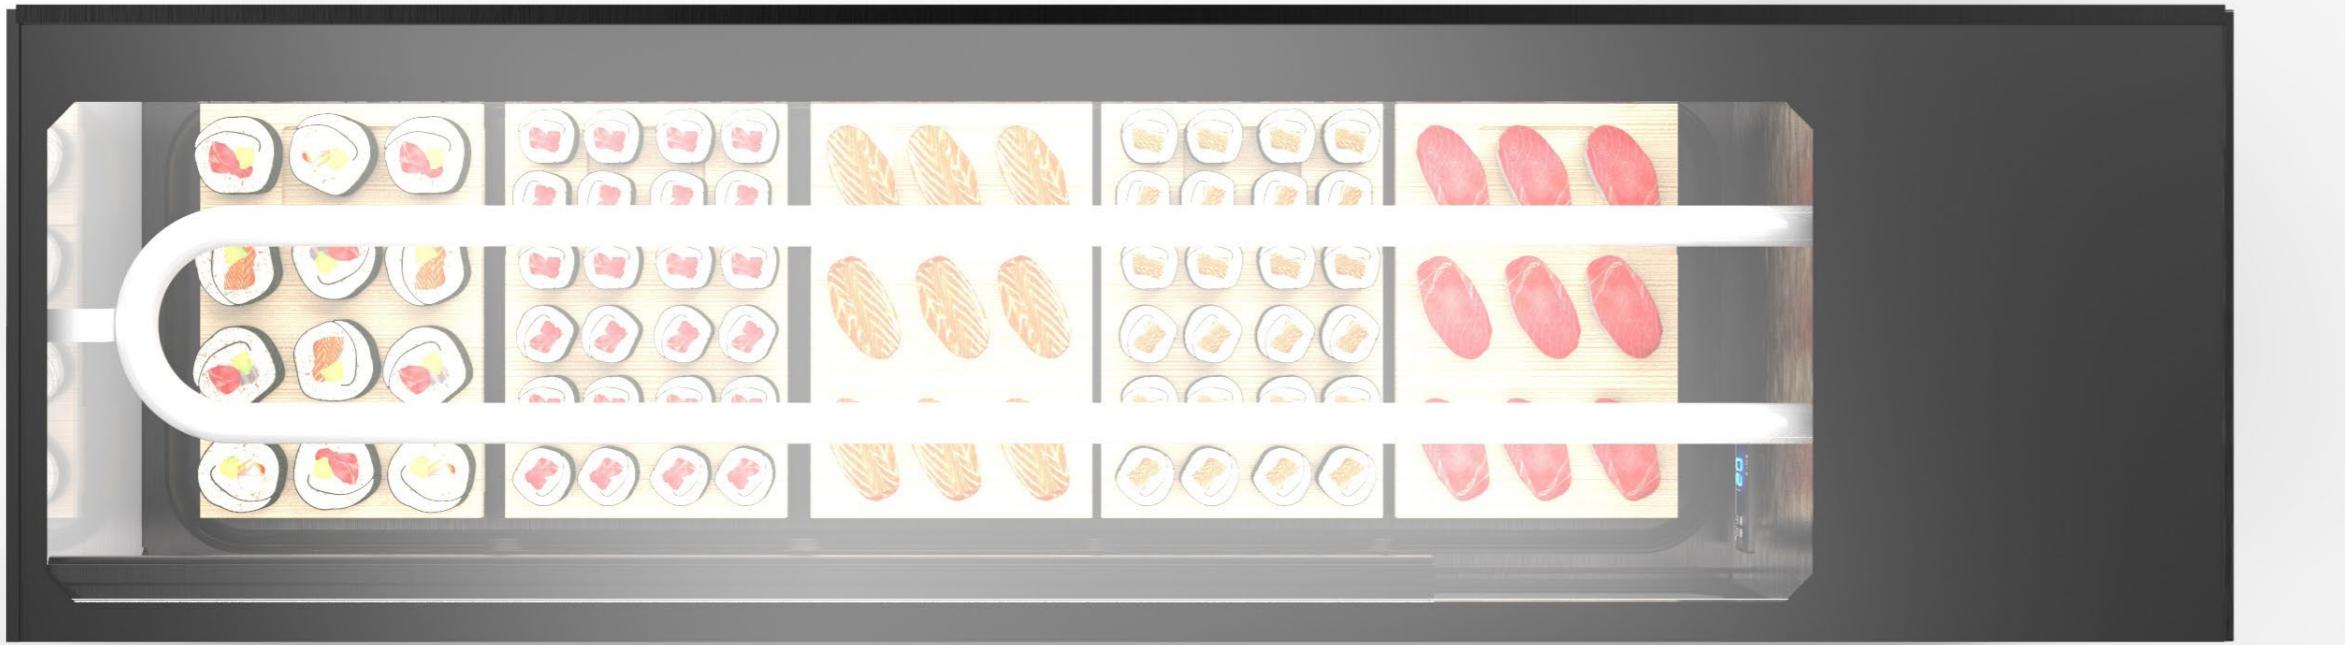

ACCESS HEIGHT

to work comfortably inside.

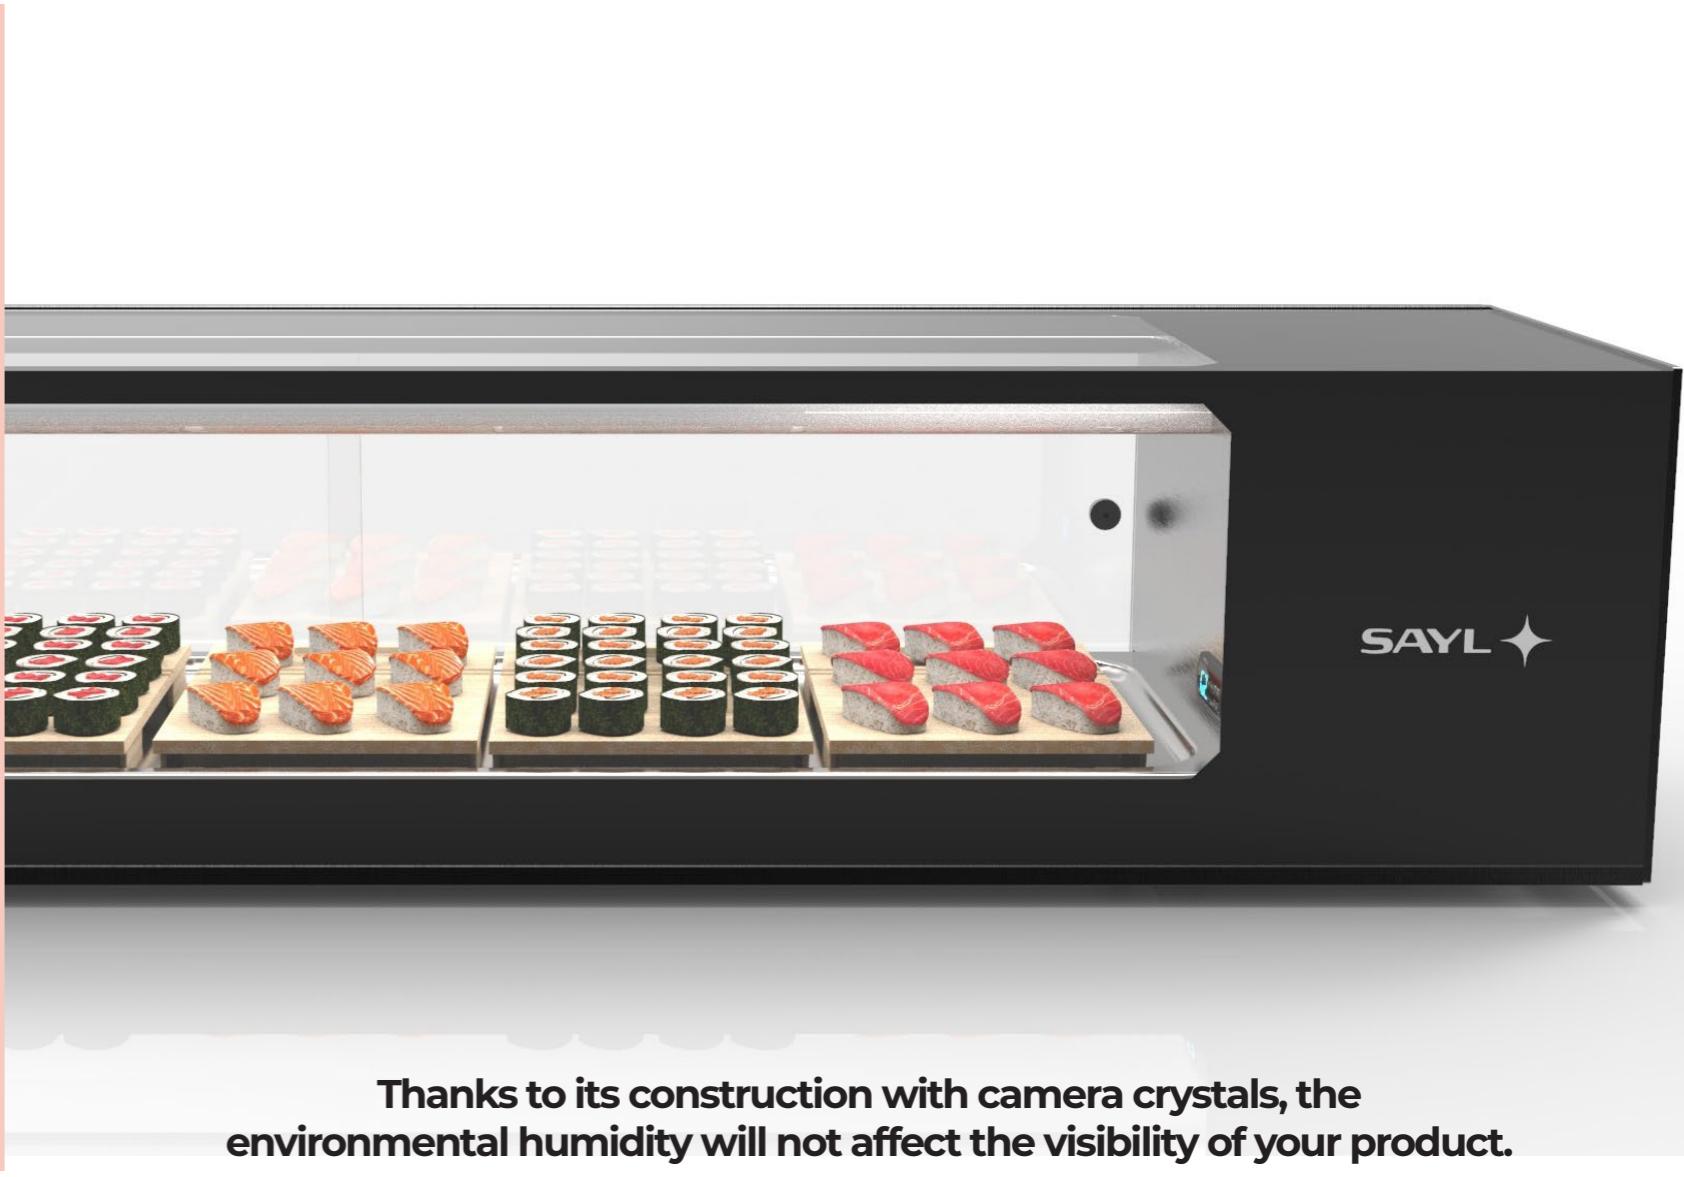

EASY TO CLEAN

Pressed vat provided with drainage, without angles for easy cleaning.

**designed to
preserve
the optimal
temperature and
humidity of sushi**

Maximum visibility
even under unfavourable
humidity conditions

Thanks to its construction with camera crystals, the environmental humidity will not affect the visibility of your product.
